EDUCATION

September 2021 – April 2025:
University of Kabianga - Bachelors Degree in Information Science and Knowledge Management
Coursework included Systems Analysis and Design, Database Management Systems, Information Systems Management, Computer Networks and Data Communication, Web Design and Development, Programming Fundamentals, Information Security, Data Management and Information Retrieval, Records and Archives Management, Management Information Systems (MIS), ICT Project Management, Research Methods and Data Analysis, Human-Computer Interaction, Knowledge Management Systems, Computer Hardware and Software Maintenance, and Digital Information Services. These courses provided a strong foundation in

PROFILE

Innovative and results-driven Information Science graduate specializing in Information Technology, with a strong foundation in system analysis, data management, ICT support, and digital information systems. Adept at leveraging technology to streamline operations, enhance knowledge management, and improve organizational performance. Possesses hands-on experience in technical support, computer systems maintenance, data processing, and troubleshooting, coupled with excellent analytical and problem-solving abilities. A highly adaptable and fast-learning professional with strong communication and teamwork skills, eager to contribute technical expertise, creativity, and a commitment to excellence in driving technology-enabled solutions and organizational growth.

SKILLS

I possess strong **technical skills** in operating systems (Windows, Linux), **network setup and firewall configuration**, and **cloud computing using Google Cloud**. My expertise extends to **cybersecurity practices, software installation, and configuration**, as well as **data backup and recovery**. I bring advanced **analytical skills** in system analysis, troubleshooting, logical problem-solving, and decision-making, supported by a keen **attention to detail**. Additionally, I excel in **communication skills**, with the ability to explain complex IT concepts clearly to both technical and non-technical staff, fostering collaboration and teamwork in IT environments.

information technology, data management, systems development, technical support, and the application of digital solutions to improve organizational efficiency and decision-making.

2017 – 2021: Tala High School

Kenya Certificate of Secondary Education

2006 – 2016: Bisamm Academy

Kenya Certificate of Primary Education

LANGUAGES

English – Fluent [Spoken & Written]

Kiswahili – Fluent [Spoken & Written]
